

HÄGAR

Design: Bevk Perović Arhitekti

SMALL HÄGAR

Hägar, existing in two sizes, is a reworking of a standard, traditional spun-metal kitchen table light. It is redefined through the addition of a 'horn' - a metal tube that 'guides' the electricity cable into the fixture. The textile electric cable and its 'horn' become the lamps 'ornamental' feature - its true character. The lights can be used as single and in groups, with a choice of different colours of textile cables soon available.

Year of design: 2015

material: aluminium, acrylic
colour: white, grey

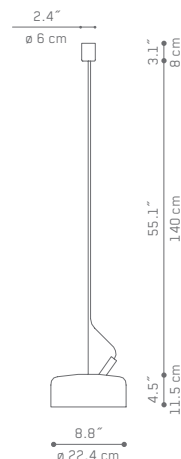

Specifications

Light source	1xE27, 18W - not included
Code	V02042 5201 / white V02042 5901 / grey
Typology	suspension lamp
Light emission	direct
Class	⊕
Installation	▽
IP rating	IP20
Certificate	CE
